

2022 COVID-19 UPDATE

Dear CID Families,

We are proud to continue to offer consistent weekly class experiences that support the physical, social-emotional, and mental health of our staff and students. Since re-opening in June of 2020 we have made all necessary adaptations to our programs, following local, national, and industry guidance in order to support a Safer Studio™ learning environment.

As such, we have updated our protocols to match recently updated guidance from the CDC and Maricopa County Health Department, which shortens the isolation/quarantine period to 5 days for individuals who test positive for COVID-19. The updated process is as follows:

Students or Staff who receive a positive test result should:

- Report the positive case to CID via the [COVID-19 Self Reporting Form](#).
- Isolate at home for 5 days and until there is no sign of a fever.
- Continue to wear a mask around others for 5 additional days if other symptoms persist.

Additional information about this change in recommendation from the CDC can be found [here](#).

CID continues to see an extremely low incidence of Covid-19 in our programs while experiencing very high positive reports of the benefits of keeping students engaged in activities. We continue to do what is necessary to keep our students, their families and our employees healthy & safe. We also continue to plan for spring performances and events, sharing hope and confidence with our students of brighter days ahead!

We continue to be here for our staff, our students, our families, and our community ❤️.

Thank you for continuing with us!

Sincerely,

Ms. Shannon & the CID Team
